

MY LITTLE TOWN

*Come on, I'll show you my little town.
Here's the kindergarten and there is the ice parlour...
We have two schools and four hairdressers.*

We have a bakery, a Public Library,
A Fire Brigade, a butcher's shop.
Next to the market square –
You see that church there,
With the weather cock on the top?
Well, when the church bells ring
The choir begins to sing:

Refrain

Huhuhu - this is my little town!
Huhuhu - my favourite little town!
Huhuhu - this is the place to be!
Huhuhu - just come and see!

Down by the riverside some take a boat ride,
Others simply take their Sunday walk.
The fountain in the park, that lights up in the dark:
This is where the people sit and talk.
Yes people here are proud
And some just sing out loud:

Refrain

Huhuhu - this is my little town!
Huhuhu - my favourite little town!
Huhuhu - this is the place to be!
Huhuhu - just come and see!

Yeah, come and see our post office, the swimming baths... our castle on the hill!
