

## FAVOURITE COLOUR

Is it yellow like a banana?  
Or is it pink like a pig?  
Is it red like this apple?  
Perhaps it's green like this fig?

Is it black like the night?  
Is it gold like a crown?  
Is it grey like a rain-cloud?  
Or maybe violet, or maybe brown?

*gesprochen*

*What am I talking about?*

*Well, colours of course!*

*There are so many of them!*

*And I love them.*

Now there are people who love silver.  
But others prefer blue.  
And some adore purple.  
And now I have a question for you:

Tell me, what's your favourite colour?  
Tell me, what's your favourite colour?  
Tell me, what's your favourite colour?

Is it orange like an orange?  
Maybe it's dark? Maybe it's light?  
Is it lemon like a lemon?  
Or is it green or purple or white?

Tell me, what's your favourite colour?  
Tell me, what's your favourite colour?  
My favourite colour is... blue!
