

DIRECTIONS

1.

Excuse me please, can you tell me how to get to the station?

Oh, to the station? of course, it's quite easy:

Go down the road, for a mile or two, then you come to a crossroads.

Turn to the left, go straight ahead, past the park on the right.

When you get to the lights, turn sharp left, then just go up the hill.

Then down the other side and after the church you come to a roundabout.

Take the second right, go over the bridge, then down the one-way street.

Stop at the end. Look to right. And there's the station!

2.

I'm sorry. Could you say it again, please...?

Of course, but I'm in a bit of hurry...Well, no problem:

Go down the road, for a mile or two, then you come to a crossroads.

Turn to the left, go straight ahead, past the park on the right...

...And there's the station!

3.

I'm sorry. Could you say that again, slowly...?

Well, alright, but I have to go in a minute:

Go down the road, for a mile or two, then you come to a crossroads.

Turn to the left, go straight ahead, past the park on the right...

...And there's the station!

4.

Please, SLOWLY!!

Alright, one more time. But then I really have to go...

Go down the road, for a mile or two, then you come to a crossroads.

Turn to the left, go straight ahead, past the park on the right...

...And there's the station!

You can't miss it!
