Some songs are good. Some songs are better.  
But this song is the best song that I've ever heard.  
I won't sing it loud. I could sing it louder.  
But we're going to sing it the loudest of all.

My teacher is nice. My neighbour is nicer.  
But my friends are the nicest people of all.  
I am strong. My father is stronger.  
But my mother is the strongest person I know.

My house is high. The trees are higher.  
But the hills are the highest that I've ever seen..  
The river is deep. The lake is deeper.  
But the ocean has the deepest water of all.

My cousin is old. My father is older.  
But my Grandpa is the oldest relation I have.  
Patricia is young. Alice is younger.  
But Jeanie is the youngest girl in the class.

A pig is slow. A tortoise is slower.  
But a snail is the slowest animal I know.
