I wash my hands like this – *I wash my hands like this.*
I brush my teeth like this – *I brush my teeth like this.*
I think like this – *I think like this.*
And I drink my milk like this – *And I drink my milk like this.*

I wash my hands like this – *We wash our hands like this.*
I brush my teeth like this – *We brush our teeth like this.*
I think like this – *We think like this.*
And I drink my milk like this – *And we drink our milk like this.*

I read a book like this – *I read a book like this.*
I swing my hips like this – *I swing my hips like this.*
I sleep like this – *I sleep like this.*
And I eat my food like this – *and I eat my food like this.*

I read a book like this – *We read a book like this.*
I swing my hips like this – *We swing our hips like this.*
I sleep like this – *We sleep like this.*
And I eat my food like this – *And we eat our food like this.*

And I play the piano like this...
