

NOTHING TO LOSE BUT THE BLUES

You´ve got nothing to lose but the blues. (x 2)

When I came to this city
I was feeling pretty...
Well, pretty low-down, my friend.

But that was long ago
And I would like you all to know:
That things turned out better in the end.

You´ve got nothing to lose but the blues. (x 2)

Now when life is going wrong,
You feel you´ve been around too long,
Just listen to the wise words of this song
And sing along:

You´ve got nothing to lose but the blues. (x 2)

There was a lady of fame
And that lady came
From a very rich family.

But she was miserable as hell
Until she heard the ringing of the bell
And when she heard it,
She said to herself said she:

You´ve got nothing to lose but the blues. (x 2)

Now when life is going wrong,
You feel you´ve been around too long,
Just listen to the wise words of this song
And sing along:

You´ve got nothing to lose but the blues. (x 2)
