

TWO!

1.
One and one make – two. That’s an easy sum to do!
One and one make – two. Easy as buckle my shoe!

2.
One and one make – two. Everywhere you go that’s true.
One and one make – two. Here and in Timbuktu.
And in Peru, and in Honolulu and in Katmandu.

3.
I say „How do you – do“! You and me, well look, we’re two.
You say „How do you – do“. With two there’s so much you can do.

BRIDGE

Like a tender hug-me-tight.
Like a squabble or a fight.
Or a chat, and come that
Just speaking on the phone.

And for see-saw riding, too,
It most certainly takes two.
Playing chess, well I guess
You can’t do that alone.

4.
Clap with one hand? - Ooh! That’s impossible to do.
I’ll give you a – clue: You need the other hand, too.

5.
One and one make – two! Well that may not be so new
One and one make – two! So why the whole ballyhoo?

6.
One and one make – two. That’s an easy sum to do!
One and one make – two. Easy as buckle my shoe!

Even in Katmandu one and one make: TWO!
