

NINE LIVES

CHORUS

Nine lives I have lived so far.
Nine lives I have lived so far.
Nine lives I have lived so far.
Nine lives I have lived so far.

1.

First of all I was a snail,
Always left a slimy trail.
Then I changed into a snake,
With a rattle and a shake.
After that I was a monkey -
Life was really very funky.

That's three lives, 1, 2, 3.
After that, well, wait and see what happened.

CHORUS

2.

Later on I was a spider,
Quite a weaver and a glider.
Then I was a noisy crow -
I let everybody know!
Later on I was big,
Loud and snorty sort of pig.

That's six lives, 1, 2, 3, 4, 5, 6
After that, well, wait and see what happened.

3.

Later on I was a rabbit,
With a kind of twitching habit.
Then I was a crocodile
With a scary sort of sort of smile.
Now I'm human and I love it.
Trying to find the meaning of it.

(Chinese, Russian, etc.)

That's nine lives, 1, 2, 3, 4, 5, 6, 7, 8, 9.
After that, well, wait and see what happens.
