

DELICIOUS

Welcome. Please take a seat....

Would you like to try this meat?
Cockroach steak with chicken feet?
Or perhaps some roasted snails,
Mixed with squirrel's tails?

Or chocolate cheese on toasted bees, horse's hair in banana sauce,
Frog-tail soup, cabbage-pudding for the second course?

I could also offer you
Caterpillar-cream in dead-leaf stew.
Spider's leg with beetle's ear,
Baked in oak-tree beer.

Or fish eyes, earthworm pies, candied bugs with lobster cake,
Tadpole tongue, juicy seaweed with a pinch of snake.

It's so delicious!
It's so delicious!

So please take a seat....

You might like for a start
Jellyfish nose in mushroom tart.
Ancient eggs, cactus chips,
Cooked in pumpkin pips.

What you eat is what you are. What you are is what you eat.
There's so much to discover. So kindly take a seat...

It's so delicious!
It's so delicious!

It's so delicious!
It's so delicious!

And does you good!
