

## ONE VOICE

You have a head to think with.  
You have a heart to love with.  
You have a voice to sing a song.  
A loud song  
or a quiet song like this.

And you need your head to think with.  
You need your heart to love with.  
You need your voice  
To sing a song.  
A loud song  
or a quiet song like this.

One head.  
One heart.  
One voice for this song:  
La-la, la-la...

One head.  
One heart.  
One voice.
