

## **EIGHT EYES**

Everybody knows  
a spider has eight legs...  
The whole world knows  
a spider has eight legs...

Every child knows that.  
Even I know that.

Eight, eight, eight...

Not many people know  
How many eyes a spider has.  
No, not many people know  
How many eyes a spider has.

One? No! Two? No! Three? No! Four? No!  
Five? No! Six? No! Seven? No!

Eight, eight, eight...

So you can't hide from a spider.  
It sees you everywhere.  
So you can't hide from a spider.  
It sees you everywhere.
