

LONG NAILS

I have ten fingers, ten fingers.
Ten fingers, ten fingers.

Five on the right, five on the left.
Five plus five makes ten.

I have ten toes, ten toes.
Ten toes, ten toes.

Five on the right, five on the left.
Five plus five makes ten.

That makes ten fingernails.
That makes ten toenails.
And they're long, very long.
Where are my nail scissors?

(spoken)

Ah, here!

First my right hand:

Snip, snip, snip, snip, snip.

Now my left hand:

Snip, snip, snip, snip, snip.

Now my toe-nails.
Where's my foot? Ah, here!

First my right foot:

Snip, snip, snip, snip, snip.

And now my left foot:

Snip, snip, snip, snip, snip.

Finished!
